

Morteza Chaji

Professor

College: Animal Sciences and Food Industry

Faculty of Animal Science and Food Technology

Education

| Degree | Graduated in | Major | University |
|--------|--------------|---------------------------|--------------------------------|
| BSc | 2001 | Animal Science | Ferdowsi University of Mashhad |
| MSc | 2003 | Feed and Animal Nutrition | Ferdowsi University of Mashhad |
| Ph.D | 2008 | Feed and Animal Nutrition | Ferdowsi University of Mashhad |

Employment Information

| Faculty/Department | Position/Rank | Employment Type | Cooperation Type | Grade |
|--------------------|--|-----------------|------------------|-------|
| | Member of the academic staff (Professor) | Tenured | Full Time | 27 |

Work Experience

Member of the faculty of the Department of Animal Sciences

Member of the Iranian Animal Science Association

Awards

Top researcher at the university

The year 2009

the Year 2010

Subjects Taught

Livestock feeding (Animal Nutrition)
Livestock breeding (Animal Production)
Fat in Animal Nutrition
Minerals in Animal Nutrition
Protein and Amino Acids in Animal Nutrition
Rumen microbiology

Executions And Scientific Activities

Director of University Research Affairs (Terminated)
Head of Department of Animal Sciences (Terminated)
Internal manager of "Breeding and Improvement of Livestock Journal (Terminated)
Member of the editorial board of "Breeding and Improvement of Livestock Journal (1400 - continues)
Head of Department of Animal Sciences (1400 -continues)

Course Topics

Animal Science
Feed and animal nutrition
Breeding of domestic animals
Advanced Nutrition (Fat, Carbohydrate, Protein, Amino Acides)

Competitions

Top researcher at the university
The year 2009
and Year 2010

Workshops

Workshop on new methods of improving the quality of agricultural by-products and food industries
The third national conference on agricultural commercialization
[The 3rd National Conference on Agricultural Industry and Commercialization](#)

The third Iranian Buffalo conference

- **Many workshops in different areas of food and animal nutrition** such as:

Examining the importance and method of measuring the feeds particle size

Examining the importance of the physical properties of feed and how to measure bulk density, the process of dehydration, volumetric mass, and other physical properties of animal feed

Conferences

Workshop on new methods of improving the quality of agricultural by-products and food industries

[The 3rd National Conference on Agricultural Industry and Commercialization](#)

The third Iranian buffalo conference

Journal Membership

Member of the Editorial Board of **Iranian Journal of Animal Science Research** (<https://ijasr.um.ac.ir/journal/editorial.board#edb68>)

The internal manager of **Breeding and Improvement of Livestock Journal** (<http://bilj.asnrukh.ac.ir/>)

Member of the editorial board of **Breeding and Improvement of Livestock Journal** (<http://bilj.asnrukh.ac.ir/>)

Membership in Scientific Societies

Member of the Iranian Animal Science Association
